POWER-WASHABLE**
- 7 **HEIRLOOM QUALITY  
WILL LAST GENERATIONS**
- 8 **UNIQUE PRODUCTS  
NO TWO ALIKE**
- 9 **PRODUCTS FIT  
AMERICAN STANDARDS**
- 10 **A ROCK SOLID  
INVESTMENT**

### *Weather Resistant*

All of our products are intended for outdoor use, and so don't require any care or maintenance to last for many years (if not centuries). The only exception is our fountains, which should be drained and the pump removed, if freezing temperatures are expected.

### *Pressure Washable*

Over time, our stone products will develop a natural patina of moss and lichens as they weather. If desired, this surface patina can be removed with a pressure washer. We recommend you never use harsh chemicals, acids or bleach on stone.

### *Hand-crafted Stone*

Carefully carved by human hands, making each piece unique. Guaranteed by Mother Nature to last a lifetime.

## JADE

**Jade** is a semi-precious stone that is harder and more durable than granite. It has incredible color and character.

Inherent to jade are inclusions and hairline fractures; however, these do not affect the durability or functionality of the product.

Stone Age Creations, located in Ohio, has been designing exceptional natural stone statuary for over 20 years. Trust that when you buy a product from Stone Age Creations, it is second to none.
